Nomination Form

Purpose of Award

As many Arizonans often hear the “bad” stories of contractors, the Registrar of Contractor Industry Advisory Council wants to showcase the countless hours and effort that “good” contractors invest into our communities statewide. To that end, this award has been established to recognize the positive impact that contractors make by contributing time, labor and materials to Arizona charities. As such the Industry Advisory Council will recognize General Contractors, Sub-Contractors, Associates (vendors, suppliers, etc.) and Associations who have taken ownership of community service by truly exemplifying the “Building Blocks of the Community”.
